UGANDA & KENYA SAFARI INCL. CHIMPANZEES & GORILLAS TRACKING

2021 / 2022

Tour Price from € 6899 (ZAR 118,940) pro person sharing

A visit to Uganda will give you an insight into the rich heritage and culture of Eastern Africa. Stay in Uganda accommodation that'll treat you to the local cuisine (influence by Asian, English, Arab and Indian techniques and flavours) and learn about the history and beauty of one of Africa's most beautiful nations.

The mountain gorilla is extremely endangered and while exact numbers vary it is widely assumed that there are only around 650 left. Visiting the gorillas is a great way to support their future on earth as the money spent on permits is used for their protection. An extremely important part of the future conservation of the remaining gorillas rests in the community development work – as local communities change their attitudes towards wildlife and start to protect rather than poach, the future of the mountain gorilla is assured.
